MISSION & VISION

We help you connect with your crowd to support your growth and goals.

With an aim to connect the world, our vision resides in providing you opportunities to earn and make Crowdasia your “alternate earning source”.

We ensure that your vision and goals are aligned to us.

What is Crowdfunding?

Crowdfunding is a way of raising money to finance projects and businesses. It enables fundraisers to collect money from many people via online platforms. Crowdfunding is most often used by startup companies or growing businesses as a way of accessing alternative funds.

“FUNDRAISING IS THE GENTLE ART OF TEACHING THE JOY OF GIVING”
- HENRY ROSSO

What is Cryptocurrency?

Cryptocurrency is any form of currency that exists digitally or virtually and uses cryptography to secure transactions. Cryptocurrencies don't have a central issuing or regulating authority, instead using a decentralized system to record transactions and issue new units.

It is a digital payment system that doesn't rely on banks to verify transactions. It's a peer-to-peer system that can enable anyone anywhere to send and receive payments. Instead of being physical money carried around and exchanged in the real world, cryptocurrency payments exist purely as digital entries to an online database describing specific transactions. When you transfer cryptocurrency funds, the transactions are recorded in a public ledger. Cryptocurrency is stored in digital wallets.

WHAT IS CRYPTO TRADING?

Cryptocurrency trading is the act of speculating on cryptocurrency price movements via a CFD trading account or buying and selling the underlying coins via an exchange. CFDs trading are derivatives, which enable you to speculate on cryptocurrency price movements without taking ownership of the underlying coins. You can go long ('buy') if you think a cryptocurrency will rise in value, or short ('sell') if you think it will fall. Unlike forex, The cryptocurrency market is usually available to trade 24 hours a day, seven days a week because there is no centralised governance of the market. Cryptocurrency transactions take place directly between individuals, on cryptocurrency exchanges all over the world.

A scenic view of Singapore at sunset, featuring the Merlion statue in the foreground, the Marina Bay Sands hotel in the middle ground, and the Esplanade - Theatres on the Bay in the background. The sky is a mix of blue and orange, with clouds catching the low sun. The water in the foreground is calm, reflecting the colors of the sky.
